Vice President, Research
INPUT

R. Dennis Wayson is Vice President of Research. He has well over 20 years of experience in many areas of the information services industry. At INPUT he is responsible for all U.S.-based research staff, including user and vendor programs, custom research, and corporate planning. As a senior manager he is a key player in all INPUT plans and activities. He has held positions with Bank of America in the management of user-based systems (worldwide), and was Director of Information Systems and Technology at Sun Company for many years. He is also a popular speaker at industry conferences and consultant to top companies around the world.

Mr. Wayson holds a B.S. degree from Lehigh University and an M.S. in Operations Research and Computer Science from Cornell University. He also has attended the Columbia University program in business management.

Products & Services Blurring

Traditional Competitors Are Changing:

- Traditional Product Companies Adding Services
- Traditional Service Companies Adding Products (Arthur Andersen, Peat Marwick)

New Competitors Emerge with "Solution Services"

- McKesson
- AMR

Internationalization

A Dominant Trend in the '90s

- Collapsing Market Barriers
  - Europe
  - North America
- Growing Market Interest/Participation
  - Pacific Rim
- Internationalization of Buyer Requirements
